DIRECTIONS

2 to 4 players can play per game

1. First, put your rocketship at the **START** with the astronaut.
2. Roll the dice, the player that rolls the biggest number goes first.
3. The player will move on based off the dice number they roll.
4. On your turn, the player to your left will read the color card that you land on.
5. The player will say a spelling word. You spell out the word out loud.
 - If you get a **STAR** card, you have to complete the spelling mission.
 - i. If you are correct, you roll the dice again and repeat **STEPS 2 to 4**
 - ii. If you are wrong, you stay where you landed.
6. The first player to lead the astronaut to the moon **WINS!**
